Information regarding Coil Replacements	
If you are a Gardner resident, property owner or businesses who was supplied water by the City of Gardner and whose copper heating coils in your tankless hot water heating systems failed and had to be replaced, you may receive a <i>pro rata</i> share of the Net Settlement Amount as defined in the Stipulation and Agreement of Settlement (available at www.CityofGardnerCoilsClassActionSettlement.com), which will be divided equally among Class Members who have submitted valid and timely Claim Forms based on the number of Coils they replaced up to a maximum of 3 coils. These settlement benefits are subject to adjustment upward or downward depending upon the volume of legitimate claims submitted. All claims are subject to verification, and you may be asked to provide additional information or documentation to substantiate your claim.	
Please indicate the number of copper heating coils in your tankless hot water heating systems that failed and had to be replaced: _____	
I confirm that the above statements are true and accurate to the best of my knowledge.
